

County Institute Notes

(These came too late for last issue)

The Ellis County Normal Institute opens Monday, May 28th with an enrollment of 74, being 3 more than opening day last year. This week it increased to 90 and more coming.

We are glad to welcome a large number of W. K. S. N. students direct from there.

Among our visitors were Ex. Supt. Kuhn and Regent Drilling. Visitors are always welcomed.

The boys have organized a baseball team, which is under the direction of Prof. Powers.

Miss Gladys Buffin is our organist. All are looking forward with pleasure to a social in the near future.

The Algebra class is a week ahead of the Spring fever and still going with Miss Stewart at the wheel.

The Institute has appointed an editor for each of the county papers. It is desired interesting items be handed in. If you have none just give them your sympathy.

Ex-Gov. now Regent, Hook visited us and made a winning talk and said: "The teacher who takes the rough, ignorant and uncouth boy and develops him, is the greatest of all sculptors."

"I hope you appreciate the great work you are engaged in; I exalt your profession."

THIS week's jottings: Instructor Powers has decided we are not newsworthy enough so we'll have "current events" every Friday.

We are arranging to play ball. We are planning to have a few social gatherings; one this Friday evening for story telling.

Three of the Institute girls, chaperoned by Miss Stewart, our Instructor enjoyed a boat ride Tuesday evening.

Prof. Edgerton, who is instructing in the Russell Institute this year, formerly here, was a welcome visitor.

Every morning at 7:30 but Sat. and Sun. these 90 students march in in daily attendance:

The Hoxie Sentinel says:

"Prof. W. A. Boys, agricultural demonstrator of the northwest Kansas, was here Saturday and addressed a gathering on the subject of cows, silos and silage, sweet clover and the value of Russian thistles for forage. Those who attended said it was a good meeting."

Editor Berwick of Wakeeney, Regent of the Normal School, was here on Monday looking over the work at the State Normal, as he could not be here last week to the meeting. From here he went to the Normal commencement at Emporia.

The Ladies Clubs

The Saturday Afternoon Club will meet this Saturday the 7th with Mrs. Geo. Philip. In answering roll call the members will name Great actors who have excelled in Shakespearean roles, making a list of ten or more actors and some of the characters impersonated by each. Mrs. Griffith will conduct the lesson: 12th Night, Acts 4 & 5.

As this closes another year Mrs. J. E. Ward will read a paper on the Club History.

On Wednesday afternoon the Domestic Science Club will go out to the Normal building and Miss Agnew will give a lecture on "Frozen Deserts and a demonstration on 'Ice Cream and 'Milk Sherbert' closing with the election of officers for the coming year.

We always have plenty of money to loan on land. If you are going to need a Farm Loan and are looking for a low rate, call at the Citizens' State Bank at Hays, Kansas.

Victoria, June 5, 1913.

Court met this week but did not act on the incorporation of our town matter. In fact the papers don't seem to be any hurry to push it as the older it gets, the more the people know, and the ridiculousness of the proposition becomes more evident. People have looked back on the tax issue and find both Hays and Ellis paying city tax, and know that when we incorporated we must also pay a city tax—a marshal, street commissioner, city clerk and lots of other expenses. The county attorney says he is not being paid to fight the people—to put more taxes on the people. Maybe he is to be paid for preparing the ordinances, for some one must do it and it costs money. Then the NEWS and its friends here: are they working for an end in view? Some paper must publish the ordinances and Hays has the nearest paper. And then the stationery and blanks. These things all cost money and are the people to pay it to them—that is the few put INSIDE the city.

If the incorporators were fair why don't they get every property owner inside two parallel lines to ask for incorporation, let all pay for the claimed benefits, not leave out here and there pet ones who know there is extra tax to be paid. Look at the ridiculousness of the present situation. Half the land inside the limits are left out, then when incorporated the gambling hell can locate on the lots not in, and the marshal can "look wise." Then when the boys want to do some devilment, they go on these exempted lands, just across the line, and the city is helpless. Bandy houses come, they locate across the line on the exempt land and our boys howl themselves hoarse the marshal is helpless. A show comes, locates on the exempt lands and reap the benefit of our town but pay nothing to help support our city government.

Every single supposed advantage to a city are in the exempt list, except the few who saw a bonanza from the incorporation for the innocent taxpayer to pay. Surely when these taxpayers found how they had been deceived into signing, that they changed their mind and signed the remonstrance. Their eyes had opened. Calling names, or talking of fables, or eating bone-soup don't help. If the pushers doubt they are on the wrong side let them get up a new petition and see how many will now sign that they have got their eyes open. Let them present a new petition to the taxpayers within the crooked zone, and see if a majority will ask that the incorporation stand. If they are in the right let them try it before the case is heard in court.

A TAXPAYER.

After going to press word comes from the court house

that the Judge decided there could be no appeal from the Commissioners, the City had to be organized, election held in a couple weeks for city officers so watch for the date.

It is told on the street The following are the men the pushers will ask to be elected and will have tickets ready for you to vote.

Decorations Day, last Friday, was a lovely day and everybody were out to enjoy it. Crowds went to the cemetery and the graves were handsomely decorated, and in our town flags and banners all over town. The band led the procession, playing nicely, the old veterans, sons of vets, boy scouts and citizens joining, comrades graves decorated and Gov. Hoch made a pleasant address. Gen. F. B. Dawes of Clay center arrived Thursday evening met at the depot by the one armed veteran, H. D. Shaffer, who showed that he had seen service in the field, escorted him to and handsomely entertained him at the Brunswick.

In the afternoon the hall was crowded, the tots, under Mrs. Hale, captured the audience, and Mr. Dawes delivered an elegant address. In the evening the band played nicely on the street to crowds, and the picture show drew a crowd.

Resolutions of Thanks by Vance Post No. 2, G. A. R.

The surviving veterans of the Civil War, and especially the members of the Vance Post, desire to express their gratitude to the patriotic citizens of this city and community for their participation and generous support in making our Memorial Day exercises a day long to be remembered and cherished by our people, both old and young.

We desire, especially, to thank the members of the Hays City Military band for their patriotic music.

To Capt. G. A. Lester and his recently organized Sons of Veterans Camp; we extend congratulations and thanks for their military bearing and services rendered. It is to this organization the Grand Army looks for commemoration.

The Boy Scouts, under the captaincy of Rev. Alexander, added much to our parade.

To recruit Ward and his good wife, the quartet of "Old Vets" especially desire to make a bow filled with gratitude for their valuable assistance; Joe Ward and his wife are not only musicians but they are devotees of patriotism and the old G. A. R. boys.

Gov. Hoch, by his short impromptu patriotic address at the cemetery, added much to the interest and solemnity of our services.

Nor would we forget Drum Major Bryant Hale and his thirteen little girl tots, for the beautiful little memorial song they sang. It was the stunt of the afternoon exercises.

To Gen. F. B. Dawes of Clay Center, we extend not only the thanks of our Post, but the multitude of our people who filled our spacious hall to its doors for his magnificent address along the lines of patriotism and the fundamental principles of our government.

Our only regret is that a greater number of our rising generation did not hear it.

To the owners of the numerous automobiles and carriages who gratuitously provided transportation to the cemetery and return, we extend thanks of our Post and its friends.

This office is in receipt of two interesting booklets by our former Exp.

St. Supt. J. G. Haney, now located at Grand Falls, Dakota, in charge of the Agri. Ext. Dept. of the International Harvester Co., and copies will be sent on request. One is entitled: "For more and better corn in the Northwest" and one on "Alfalfa growing in the Northwest".

In the suit against editor Nelson of The Kansas City Star for publishing an article about the public actions of a Judge of a K. C. Court the Supreme Court of Missouri, by a unanimous decision this week decided:

"That when any person accepted a Public Position Their Every Public Act is Open to Criticism and a Newspaper Has a Right to Tell of or Criticize Any and All Such Public Acts so that All May Know and Be Warned of Past or Prospective Public Events" and the case dismissed.

The decision lays down the Newspaper law very fully on the Liberty of the Press—that a Newspaper had no right to criticize any Private Person unless they do a public act, but the life and acts of a public official should be such as to be above criticism if they would avoid criticism.

In the case of Roosevelt last week against a Michigan editor it was decided against the editor as Mr. Roosevelt is a Private Individual.

The Summer term of the State Normal at Hays opened last Monday with a good attendance, many kept away attending County Institutes who will come after the Institutes close.

In the crowd were many familiar faces but many new ones were seen. Prof. Wooster received lots of congratulations, while Prof. Matthew was welcomed back by his many friends who congratulated him on the baby.

Miss Norris has taken the place of Miss Dora Grass at the Normal summer term while Miss Grass is away on her vacation.

Out at the State Normal Miss Grass has gone on her vacation and Miss An Keller starts in a few days.

Miss E. J. Agnew proposes to give the State's "value-received" so starts a class at 7:15 in the morning.

Miss Armstrong also has her Domestic Art sewing class room full all the time.

Prof. Sullivan and Nickles were given a leave of absence, without pay, August 1 to June of next year but who will take their classes next week on her summer vacation.

Miss Bove received word of the dangerous illness again of her mother and left for home at once.

While the faculty are mostly given another year the work will not be assigned until after the Summer term but it is told the new Regents will make quite a "shake up."

The Regents did not decide to use wheat crop funds on hand to buy the Reader tract but it is told the \$7000 is to be used to build up different departments of the school that need it.

While the new Board do not propose to, nor ask the new Principal, to look after the Normal lands, but placed in care of Supt. Helder, under the law the income for 1913-14-15 goes to the Normal improvement so the land matter can come up later.

We extend congratulations to our Lottie Johnson but she was mean to not tell until school was out and if it wasn't for her big hubby we'd like to duck her in the creek. Are there any others being suppressed?

Want ads are go-getters.

From the sale of a \$50,000 farm to the recovery of a wandering bull pup, you can put your faith in the want ads.

They are great little hustlers, and are never off duty.

Down in Oklahoma the Educational Board were emphatic, discounting ours a mile. They published a notice discharging July 1st EVERY employee under their control, stating that if wanted they would be re-employed.

Yes, the Free Press has its flag still floating from the top of the office as it has for over 30 years. Other papers have come and gone but the old "Hay-Press" squeezes on and on, giving the best and value received.

Now it is told the "Progressive" are talking of starting another paper in our city, and both the "Free-Press" and the "News" extends a welcome.

Later—Friday noon. It looks as if the above is but another "Flash in the Pan." Judge was here this week, it was found the new paper could not get a Legal nor a Land notice for 12 long, dreary hungry months after starting—nor the city or county printing aduers for 18 weary months, (maybe not then should the demomons) several who had agreed to subscribe for one 15 cent share of stock dropped out.

Henry J. Allen and Charlie Scott are to speak here (for pay) at our Chautauqua Aug. 8th on "Progressiveism" and the boys may take heart.

The "Free-Press" expects to get out a paper that day that will be warm.

The Indiana Automobile Manufacturers Association

make their tour this year to the west and go through Kansas over this, the Golden Belt, route, and their route schedule shows they stay all night Monday, July 7th at Junction city, inspecting Ft. Riley. Leaving there Tuesday, July 8th, they go through Salina about 10 a.m., and through HAYS about 5 o'clock that afternoon, hoping it will be at harvest time.

The Ellis paper gives a long account of the Indiana Automobile trip that goes thro' here in July, which makes that town the night stop, 30 autos carrying 100 people being in the party, which expects to go thro' here about 5 p.m.

Those Auto and motor tags Secretary of State Chas. S. Seawards has received the automobile and motor cycle tags as required by the new law on State licenses, so applications can be sent in, and there is a penalty if you do not get one, as city licenses cease July 1st next.

Application must be made to the county Treasurer, who will have the blanks. No application nor money can be received by the Sec. of State direct from the owner.

If convenient, apply to your county treasurer in person, pay him the fee and have him fill out the application. \$5 for an automobile tag and \$2 for a motor-cycle tag.

The county treasurer will give you a receipt which will be as good as a license until July 15th. The tag will be sent you direct from the Sec. of State office by parcel post upon receipt of the application from the county treasurer. At the same time, a license card together with full copy of the new automobile law containing road rules will be sent you by first class mail.

Practically all of your money is to be kept in your county and used for maintenance of the roads. Automobile owners should see that the money is spent for that purpose only.

Irve Haynes bought a car load of old bones here this week and will ship them to Hays City, where they will be used as fertilizer on the Ellis county farm land. Lordy, that'll make the Hays city papers hot! Oakley Graphic

No, no, brother, the only way it makes us hot is the money the farmer brings us received from the crop that is benefited by that bone fertilizer from Logan county, plowed in our farm land, the money we use to buy coal to keep us hot. In fact, down here we feed the land and get a crop; out there they sell off the 'good' and get no crop.
